March 2019

Dear AAUW member,

Thank you for attending your state convention and for the work you’ve done to create a better future for women and girls. That future has already begun. With unprecedented numbers of women in Congress and even running for president, women have never been more poised to change the world. This is our moment.

It’s your moment too. We’ve set big goals to achieve full equity for women and girls—which includes equal education, pay and leadership roles—and we’ve created exciting opportunities for members to take action.

Economic security is our biggest focus. It’s vital to women throughout their entire lives, whether they’re going after their dreams in the classroom, paying off student loans, negotiating for a raise, or deciding when to retire.

As the only organization tackling the gender pay gap on all sides—working with policymakers, employers and individual women—AAUW is making a real difference. Our advocacy has led to the passage of a dozen equal-pay laws and the introduction of bills in 40 states plus the federal Paycheck Fairness Act. In addition, we’re rapidly expanding our Work Smart program, which teaches women how to negotiate for higher salaries.

But we need every AAUW member to pull together for lasting change. As a top priority this spring, we’re counting on you to help us train 100,000 women through Work Smart by August. We’ve got a long way to get to “100K for Equal Pay,” as one of our members cleverly called this effort, but you can get us one person closer right now. It’s as simple as registering for Work Smart online at salary.aauw.org and encouraging your network to do the same. Please take the course so you can serve as an equity ambassador.

You can also fund the future. By raising money for AAUW’s Greatest Needs fund or one of our three areas of focus—education, leadership and economic security—you will be helping us address our greatest challenges as they arise. Whether our members must mobilize to support fair pay legislation or respond to threats to Title IX, Greatest Needs funds enable us to act quickly and effectively.

As you work on your programs and listen to the talented speakers you’ve invited to your convention, I hope you’ll reflect with pride on your role in elevating women to this pivotal point in history. Then let’s work together to get the rest of the way to equity.

We’ve waited long enough for change. The time has come. This is your moment.

Yours in AAUW,

Julia T. Brown, Esq.
AAUW Board Chair
Welcome to the 2019 AAUW of Colorado State Convention!

Longmont Branch welcomes us, AAUW members and guests, to not only convene and collaborate but also to experience their OUR Center and enjoy their Front Range view with Longs Peak. A thousand thanks to our State Program Committee and to Longmont Branch for providing us with this setting, program and chance to stretch ourselves.

“Expanding Community Involvement and Collaboration” is this year’s Colorado Convention theme. Longmont Branch demonstrates their involvement and collaboration with community! In addition, this year’s theme presents us our first state opportunity to emphasize National AAUW’s new Strategic Plan focusing on Education and Training, Economic Security, and Leadership. Glad you are here with us to learn, model and lead.

Economic Security is a big part of our convention program. This year we all have seen many families with federal or related contract jobs experience hardship and setback with the government shutdown. We learned that many did not have a reserve to handle being without pay for several weeks. Economic security is important for all of us!

Work Smart is AAUW’s free online salary negotiation workshop, and it is more than just an opportunity to improve one's economic life. By each of us registering and taking the free course and understanding and promoting it to others, we can multiply the economic and societal effects of equity in our economy as a whole. Give 90 minutes of your time. Collaborate!

We are part of a national organization with a mission and goals we value. Let us gain from this gathering and consider what more we can do to advance our AAUW mission for the benefit of all women. Our branch and state committees provide a collaborative learning environment to build what we can do together. Do volunteer to build gender equity!

At this gathering may we also thank and show appreciation to our state board members and committees who have worked to further our mission of getting to equity through research, education, and advocacy. I look forward to working with you another year as president. Next year we will gather in June for our regional convention to be held in Colorado.

Together in Mission,

Stormy McDonald
AAUW of CO President
AAUW Longmont … a brief history

Organized in 1947, post-war Longmont, Colorado (pop. 10,000) had 51 AAUW branch members who took on any project of any size to make our community a better place to live. Over the years, our members have come together to:

- encourage girls to further their education
- monitor city council meetings
- recruit community leaders for boards and committees
- organize discussion groups to end discrimination and sexual harassment
- host and house then-controversial minority speakers
- support all aspects of women’s rights
- arrange concert series programs
- lobby legislators
- help establish Channel 6 educational television
- establish book groups
- set up a preschool, spearhead water fluoridation
- campaign for clean air and streams
- work on long-range land use planning
- champion school district reorganization
- promote state and federal educational aid

One of the keystones of our branch is the Bargain Book Sale, which ran for 60+ years as a community service. Through it we raised close to $400,000 to benefit our scholarship and grant programs. Since the early 50’s, we have been able to give out over $61,000 in scholarships to college women and $57,250 in community action grants to deserving local organizations with goals complementary to that of AAUW. This giving tradition continues in our branch today.

Seventy-two years after our inception, the 65 members of Longmont’s AAUW branch remain dedicated to the AAUW mission and are working to become a larger presence in our community. We are working to increase our membership and its diversity in an environment characterized by mutual respect and teamwork. We are working on new ways to be agents of positive action in our community in areas such as gender pay equity and Title IX compliance. Our strategic plan, which included becoming an independent 501(c)(3) nonprofit, is helping to drive our direction in the future. We are a great group of women focused on making things better for the generations of women to come.

OUR Center Highlights

OUR Center, founded in 1986, grew out of the Longmont Ministerial Association. Church leaders realized that those in need were turning to the churches for help that they were not always able to provide. The churches agreed that unifying community resources would give better help to those in need, and also give the churches a consistent place to refer folks. Out of this realization grew the OUTREACH UNITED RESOURCE CENTER, INC. or OUR Center.

The goal of the Center is to help people move toward self-sufficiency by unifying community resources. It is beyond dedicated to helping those in need reach their highest potential. The OUR Center serves over 110,000 meals annually; distributes over 1.0 million pounds of emergency groceries to 20,000 households; and offers a wide array of personal development opportunities, including the Culinary Arts program that AAUW Longmont has supported financially. The Center’s compassionate commitment to the city’s needy population, whether the homeless, working poor, aging, or despondent; continues today as it was envisioned years ago.

The local community is commitment to the OUR Center through annual fundraising efforts such as Empty Bowls. And very recently supported a $4.7 million building campaign for the purchase and renovation of the beautiful facility we are meeting in this weekend.
Lucy A. Marsh is the University of Denver Sturm College of Law professor who started the Equal Pay litigation against the University that resulted in a Settlement Agreement which required the university to pay $2.66 million, submit to independent monitoring for six years – and give significant pay raises to all the women law professors involved. It is important to note that Prof. Marsh, and many of the other women law professors involved are still happily teaching students. The difference is that now the women law professors are being paid equally with the male law professors.

After working on the case for several years Prof. Marsh’s attorneys were able to persuade the Equal Employment Opportunity Commission (EEOC) to take the case. The EEOC then became the lead litigator, and sent an important message to all educational institutions, nationwide, that educational institutions must comply with the Equal Pay Act – just like any other employer.

Professor Marsh is a graduate of Smith College and the University of Michigan Law School. She has published six books and numerous articles in the legal field. Her awards include: Excellent in Teaching (2010); Lawyer of the Year, Law Week Colorado (2013); Raising the Bar Award, Colorado Women’s Bar Association (2014); Colorado Supreme Court Special Award for Pro Bono Service for the Tribal Wills Project (2015); Outstanding Sustained Volunteer Award, Denver Bar Association Metropolitan Volunteer Lawyers (2016); and Faculty Career Champion (2017). She hopes to encourage other women to insist on Equal Pay for Equal Work.

Melissa Cooke Johnsen was elected to the American Association of University Women (AAUW) National Board in 2015, where she is Audit Chair and is on the executive committee. She is serving her second board term. Melissa also established two university endowments that support (1) young women in science, technology, engineering, and math at the University of Arizona, and (2) the education of physicians in reproductive health and family planning at the University of California at Davis.

Melissa earned her bachelor’s degree in 1979 from the University of California, Davis, in Latin American History. She has 25+ years of diverse executive IT and business management experience in a variety of industries. Melissa currently applies this experience providing pro-bono services for non-profits as an independent IT and Business consultant.

Since moving to Colorado in 2013, Melissa was appointed to the boards of a number of nonprofit organizations, and she serves in leadership positions for several of them: Board Chair of NARAL Pro-choice Colorado, Vice Chair of Planned Parenthood – Rocky Mountains, Board Secretary of Colorado Non-Profit Development Center (CNDC), and board member of Progress NOW Colorado.

Melissa is a member of Who’s Who Worldwide™ - IT, AAUW Lakewood CO and Tar Heel NC and Alumni Associations for UC Davis and Alpha Phi Sorority.

**Wendi Strom** is a CERTIFIED FINANCIAL PLANNER™ professional at LOTUS Financial Partners. She has dedicated her professional life to helping women begin to find peace with their finances. Wendi has been in the financial services business since January of 2000 and has been a CERTIFIED FINANCIAL PLANNER™ professional since 2009. Within her practice she focuses on helping women through financial transition in areas like divorce, widowhood and encore careers. She guides her clients by offering a holistic planning process that includes areas like: cash flow planning, survivor planning, investment management, and insurance implementation. She also spends time speaking in the Denver area about protecting survivors through planning and other women’s financial issues. Outside of work, Wendi is a wife, mother and active volunteer in the Jefferson County community.

**Addie McHale** is a CERTIFIED FINANCIAL PLANNER™ professional whose motto is: leave things better than you find them. It’s her nature to improve things and she especially loves to help women create a solid financial foundation. She learned much of what she knows from working on literally thousands of financial plans for people of all walks of life from every state in the country when she worked for a Fortune 100 company. Her biggest lesson learned: it’s not how much you make, but what you make of it. She honed her skills with several small planning firms in Colorado, where she learned another big lesson: there is often an emotional underbelly to money matters that can sabotage the best intentions. After a run-in with a family member’s unscrupulous financial advisor, she is fiercely motivated to bring trustworthiness and integrity to the financial services industry while educating women to become financially empowered. Aligning your money with what’s important to you equals your richest life!

Susan earned a BA in Sociology from Knox College, and MA degrees from the University of Denver and Bellevue University in International Studies and in Leadership. Susan worked for Nelnet, Inc. as a trainer and Director of Corporate Training and Development for 26 years. Susan will moderate the Economic Security Workshop Overview session.
**JP Butler** is a Senior Consultant, specializing in change management strategies at Bluewolf, an IBM Company. He has a MA in Educational Psychology and Human Development and a BA in Communications. JP is Board President of the Safe Shelter of St. Vrain Valley, an organization providing programs and services to address the needs of domestic abuse victims. His concerns about bullying lead him to be the coordinator of the Safe Shelter’s T.E.R.A. (Teens Against Relationship Abuse) program while in college. He is a motivational speaker and the founder of a leadership skills building program for middle and high school students.

**Paul Meese** is the long-time Executive Director of Organizational Development and Human Resources at Front Range Community College. Paul has a MA in Counseling from Michigan State and a BA in Sociology and Psychology. Before coming to Front Range, Paul was the Director of Human Resources for El Pollo Loco restaurants. He also worked as a consultant developing business management solutions for his clients. He has always been active in the communities where he lived including being the President of the Waunakee Board of Education.

**Maya Amidon** is a T.E.R.A. (Teens Ending Relationship Abuse) student leader and Senior in Silver Creek High School’s Leadership Academy. Maya’s capstone project focuses on bringing awareness to domestic violence and relationship abuse among teens. Upon graduation, Maya is planning to attend Colorado State University and study business.

**Kim Styles** is Lead Interventionist for the St. Vrain Valley School District. Kim has a Masters in Social Work from the University of Denver and a BA in Psychology from the University of Massachusetts, Amherst. She currently provides mental health services and resource referrals at Mead and Coal Ridge Middle Schools as well as prevention services supporting student mental health, social, and developmental needs. She has worked in similar capacities in conjunction with Boulder County Mental Health. Kim is also in private practice as a psychotherapist providing service for both adolescents and adults. When not counseling, Kim enjoys hiking and other outdoor pursuits.

**Kathy Hall** is a long-time member of AAUW Longmont and their Current Issues and Advocacy group. She has a BS degree in Marketing from the University of Denver. Kathy worked for 25 years at Eastman Kodak Co. in Windsor in distribution and manufacturing, primarily in supervisory and management positions. More recently she was President of the St. Vrain Valley School Board and the Executive Director of the Education Foundation for the St. Vrain Valley. AAUW Colorado’s primary Public Policy event was held on February 2, 2019 in Lakewood, CO with 130 in attendance. Dr. Nita Mosby Tyler ignited the audience with her talk on **Diversity, Equity, Inclusion: Engaging Members for Action**, illustrated with photos and stories of her childhood in the Jim Crow south and her ideas on how to help overcome exclusion.

Panelists **Linda Childears** of The Daniels Fund, **Dr. Jandel Allen Davis**, CEO of Craig Hospital, and **Dr. Kristin Waters**, Principal of George Washington High School described their considerable work on diversity in their varied careers. Volunteer lobbyist **Betty Boyd** gave an overview of the legislation AAUW will be following the 2019 legislature. Following the Call to Action, members wrote postcards to their legislators urging support for a bill requiring comprehensive human sexuality education in public schools.

The Voter Education program posts information on Facebook about voter registration and voter participation. September-November posts encouraged voter registration and voting in municipal and state elections. The ads reached 4,494 Coloradans of voting age, had 562 post engagements (clicks, likes, and comments), and had numerous viewers’ comments. There were 9,256 impressions (number of times a post is viewed including shares) at a cost of $0.36 per view. The Voter Education information was distributed at Fall Leadership Conference, and information was discussed with branch members who attended a small group discussion about election events. Branches held voter education programs, and one branch ran a co-sponsored voter registration event.

AAUW Colorado’s Public Policy Committee meets three times a year. The early summer meeting is used to plan Public Policy Day (pick a theme, gather ideas for speakers, assign tasks) and review other plans for the year (Voter Education, lobbying, etc.) We refine these plans at our meeting during Fall Leadership Conference and meet the evening before Public Policy Day to stuff packets and address last minute details. We have a major conference call the week before Public Policy Day to decide on what bills, of those already introduced, we will follow in the year’s legislative session. We confer by email throughout the legislative session as new bills are introduced.

In January, AAUW of Colorado, with the help of the national office, sent a letter to the U.S. Department of Education protesting the proposed changes to Title IX. Members were urged to send individual letters.

At the halfway point in the 2019 legislative session our lobbyist, former State Senator Betty Boyd, has testified in favor of a bill updating a Comprehensive Human Sexuality Education law and members have been urged to write their senators in support of this bill. We also wrote urging the defeat of an anti-abortion bill which was defeated in committee. We are currently supporting a bill to create a paid family leave medical insurance program and an equal pay bill. We will continue to involve our members in bringing AAUW voices to the legislature.

AAUW Colorado is active in several statewide coalitions, collaborating with other women’s advocacy groups. We are a sponsor of the Women’s Legislative Breakfast and are represented on the Colorado’s Women’s Lobby, and the Reproductive Freedom Coalition which sponsors a Lobby Day in which some members participate.

Sally Mathewson and Lindy Reed, Public Policy Co-Directors
Report on Goal and Key Measurements

Committee Goal: AAUW Colorado communications and marketing will increase AAUW brand awareness among Coloradans creatively, collaboratively, and innovatively, and convey tools for the empowerment of women and girls.

1. **AAUW Colorado has increased number of public figures asking for or citing our information.**

   The Executive Committee approved the purchase of 5,000 business cards that can be used by branch membership in their communities to publicize AAUW and its mission. These cards function as a tool to communicate with non-AAUW members. The cards are being distributed at the 2019 State Convention.

2. **AAUW Colorado has increased the number of members who understand and communicate the AAUW mission.**

   Following the completion of the Communications Consultant Report, the committee selectively implemented recommendations to better communicate the AAUW mission to the members. The consultants suggested the use of "content buckets" aligned to the National Strategic Plan's focus: education and training, economic security, and leadership. A team of five people was established to maintain the Facebook page with posts organized by the three National focus areas. We added two more areas to further expand the AAUW mission: public policy/advocacy and branch mission-related activities. There is a minimum of one post per week in each of these five areas.

   MailChimp, recommended by the consultants, has been implemented for the Spring 2019 Bulletin to enhance distribution. Consistent with the "content buckets", the newsletter addresses four mission-related focus areas (education and training, economic security, leadership, and public policy/advocacy) to educate members on AAUW’s mission. These mission-related areas will be addressed in subsequent Bulletins. MailChimp will also facilitate easy subscription to the Bulletin by outside parties.

   A major goal of the committee has been to successfully transition contributors whose terms are up to their new replacements. This has been accomplished with the addition of five new Facebook team members. The transition for the website duties is ongoing. One new website administrator has been named and is expanding update duties. The committee is looking for a second person to assist with these duties.

   Branches are asked to designate a communications contact to be a member of the Communications Committee and to support the committee's work. Currently, four branches (Colorado Springs, Littleton-South Metro, Aurora, and Longmont) are represented on the Committee.

3. **AAUW Colorado has an increased percentage of engagement with our digital outreach.**

   AAUW Colorado also maintains an active website and Facebook page and less-active YouTube accounts. The committee began using established metrics for measuring traffic at these sites. As of February 25, 2019, our Facebook page has 1,311 likes (up from 1,296 in 2018). From February 1, 2018 through February 25, 2019, the website experienced 2,372 users who viewed 11,050 total pages at the site.

Paula Munger and Carolyn Cooley, Communication Committee Co-Chairs
The second year (2017-18) of the Interbranch Council (IBC) concluded with a teleconference July 25, 2018, and was attended by AAUW Colorado President Stormy McDonald. Three appointments were made to 2018-19 IBC positions: Chair Karen McIntosh, Alternate Chair Jill Smith, and Secretary Virginia Brown. Applications to fund five first-time attendees to Fall Leadership Conference were finalized and attendees' award amounts were determined.

Interbranch Council meetings for the third year were set in conjunction with AAUW Colorado state meetings. State events information and sharing responsibility among the branches were discussed. The meetings gave branches the opportunity to share information about successful projects and provide support to each other.

IBC convened for the third year (2018-19) on August 24, 2018, at Fall Leadership Conference in Lakewood. Attending were ten of the thirteen branches and State President Stormy McDonald. Topics discussed included how to develop branch policies, and which branches have 501(c)(3) status as opposed to 501(c)(4).

At the February 1, 2019, meeting, eight of the thirteen branches were represented or participated by teleconference. Other attendees were AAUW Colorado board members: President Stormy McDonald, Treasurer Bev Dare, Membership Co-VP Eileen Young, Bylaws Chair Jill Smith, Program Development Co-VPs Betty Flaten and Linda Groth, and Communications Chair Carolyn Cooley. Information on program, bylaws, finance, membership, and communications were provided to branch presidents.

Karen McIntosh, Fort Collins President, IBC Chair
The AAUW Colorado State Archives are maintained at the Western History/Genealogy Department at the Denver Public Library. Jamie Seemiller, Archivist, was contacted about current materials for inclusion.

After dissolution of e-Network Branch, all branch records were compiled and sent to Colorado Archives.

An Archive Standards list has been presented and posted. Branch presidents and/or archivists now have a template that will assist them when they review their materials for preservation. Questions about branch archives were answered.

AAUW national was notified of the location of AAUW Colorado archives.

Branch newsletters were reviewed.

Branches are welcome to contact the archivist to ascertain preservation assistance needs.

AAUW Colorado Bylaws Chair Report

AAUW’s Governance Committee reviews policies and procedures and informs AAUW Affiliates on compliance. The hierarchy of rules is: law (including D.C. Code and IRS Code and State laws), AAUW Bylaws, AAUW policies, AAUW procedures, Robert’s Rules of Order. To remain in compliance, the following guidelines are provided to state and branch affiliates:

Bylaws Information - National Level

- AAUW is ‘our’ organization – the states and branches are “Affiliates.”
- If National directs changes to our bylaws, they do not need to be voted on by our membership – but affiliates must comply with National’s changes (as in 2016 – the first seven articles were language taken from national’s counsel.)
- We are a “One Member, One Vote” organization. **We encourage our members to vote!!!**
- National is no longer holding biennial conventions but our members will continue to vote – EVERY year now, because our last election changed election of board members from every two years to a staggered every year new board (much as we do in our state and some of our branch’s boards). (**The 2019 vote will only be for board members – no bylaws changes were proposed by membership.**)

Bylaws Information - State Level

- If changes are proposed, state bylaws require that members vote at the annual state convention (2/3 of those in attendance needed to accept those changes.)
- Our State affiliate Bylaws Chair informs Branch affiliates of changes and reports the proposed changes to members in the state bulletin issue prior to the state convention. The proposed changes were published in the 2019 Spring Bulletin and can be found in this Convention Booklet and on the AAUW Colorado website.

Bylaws Information - Branch Level

- Branch affiliates must comply with national and state bylaws changes and update branch bylaws accordingly.
- From: **ARTICLE XVI. RESPONSIBILITIES OF BRANCHES TO THE STATE** of our Colorado AAUW Bylaws these procedures must be followed:
  d. update branch bylaws after each AAUW convention and report such updating as directed by the state bylaws chair;
  e. bring branch bylaws into conformity with the bylaws of the state after each state convention;
  f. submit revised branch bylaws to the state bylaws committee for review of conformity to AAUW and state bylaws, and file adopted copy with state bylaws chair;

* After this convention I will be informing the branches of needed changes for their bylaws.
